Dear John:

Our people here have been giving careful consideration to the memorandum addressed to me under date of February 19, 1959, by Brigadier General John J. Davis, with respect to collection efforts in

Under the conditions existing in the area, this suggestion raises certain problems which I should like to discuss with you personally before attempting to give a specific answer to the several questions raised and I feel we would make more progress if we could have a discussion before we attempt to put our ideas on paper.

Faithfully yours,
